### EDUCATION

#### • Nanyang Polytechnic(NYP), 2021-2024

- Diploma in Applied AI and Analytics

#### • Canberra Secondary School, 2017-2020

- GCE O Level

### SKILLS

#### Soft Skills

- Great Interpersonal skills
- Detail-oriented
- Team Player

#### Hard Skills

- Proficient with Tableau, Power BI, Excel
- Experienced in tools like Knime, RapidMiner, SAS Viya
- Proficient in database like Oracle SQL

### EXPERIENCE

#### • Data Journalism,Nanyang Polytechnic(NYP), Jul 2021

Develop Insights about a bike warehouse company (AWC)

- Implemented custom calculations and measures to calculate key performance indicators (KPIs) and generate actionable insights.
- To enhance usability, I incorporated slicers, filters, and drill-down functionalities into the dashboards, allowing users to explore data at different levels of granularity.
- Met almost all the business requirements and received a good grade for the assignment

#### • Web Application Project, NYP, Jul 2022

In Charge of Report Generation

- Developed a web application to provide data-driven insights for the users and admin.
- Designed and developed a user-friendly dashboard using Flask and Chart.js, enabling CRUD operations on dashboard.
- Received good feedback on our innovative features by having a dynamic form and quick payment system.

#### • Visual Analytics Project, NYP, Jul 2022

Analyzing if Singapore is a good place to live or work using Power BI

- Applied data transformation techniques in Power BI, such as cleaning, filtering, and structuring the data for further analysis.
- Using Power BI's DAX (Data Analysis Expressions) language, I performed calculations to derive insights, generate key metrics and indicators
- Designed visually appealing and interactive data visualizations enabling stakeholders to explore and understand the education landscape in Singapore.
- Received good feedback by giving good insights about the education aspect of Singapore

### Work Experience

#### • Data Entry

Worked at Passion PTE - a cycle selling company

- Prepared and mailed invoices to customers, processed payments, and documented account updates.
- Promoted consistent accuracy of billing information by reconciling 1000 accounts daily for GST filing.
- Used data entry skills to accurately document and input statements.
